100-400 level sections,

excluding II and extramural classes. Instructors as of 11/21/17

Class sections are all lecture and lecture-discussion sections and some discussion, lab, lab-discussion, flight, and conference sections. For courses with no lecture or lecture-discussion component, we count as the main class sections the first section found with a schedule type of discussion, lab, lab-discussion, flight, or conference, in that order. So, for a course with only discussion and lab sections, we count the discussion sections as "class sections" and the labs as "class subsections". Music conference sections are always counted as subsections, even when there is no other section type. Sub-sections are all other schedule types
